1-Neg-13 pag

Dear Buick Lover:

The response to my letter has been very good. I am receiving about 10 letters per day. It is too early to project how many members we can get to join the club. I am going to start the club with this first news bulletin and hope for the best. At this point it is very difficult to project the finances so I am going to risk my money to start.

The main thing I need from the members is to participate..... I will need... #1 Cars For Sale #2 Parts For Sale #3 Parts Wanted #4 Opinions on Vendors you have had expierience with.. Good or Bad.

This is a good forum to let other owners know where the best deal is and who to stay away from. #5 Any technical information to make your restoration go a little easier. Please Help.....

For now I can not promise how often the news letter will be published. It will cost around \$250.00 each time and even more if we want pictures in the letter. All I can do is assure you all membership funds will be applied to the publication. I am not doing this for a living but as a hobby I enjoy very much. Please fill out the application Below as this will be the last news letter unless you join.....

Cut \_\_\_\_\_

Cut \_\_\_\_\_

Application 37-38 Buick Club

Name: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_

State: \_\_\_\_\_ Zip: \_\_\_\_\_

Phone: \_\_\_\_\_ (Home)

Model Car: \_\_\_\_\_ Year: \_\_\_\_\_

Condition: \_\_\_\_\_ (Scale from 1 to 10)

Dues. \$20.00 per year

Model No. 66-S, Opera seats

Membership Dues:

I have given this a lot of thought and an educated guess is the dues at least for the first year will be \$20.00 per year. I sent out seven hundred letters to soliciate the club. So far I have received over 150 replys. They are still coming in at about 10 per day. At best our total membership will probably be around 300. Publication cost and postage can run anywhere from \$250.00 to \$500.00 per month if we run on a monthly basis. Assuming we get 300 members at \$20.00 per year we will be covered to have a monthly publication. If the membership rises we can reduce the fees next year. Now on the grim side.... If only a few people join there will not be enough money to cover the first publicat

You must understand from the start that for the #2 Bulletin to be published I must have paying members. The bottom line is you may be out \$20.00 if the members don't join. But don't feel too bad I will be out three or four hundred. If you understand the risk then lets get started. As a final thought... Your membership in the National Buick Club is \$15.00 per year. If you are lucky you will see two or three items related to 37 or 38's. This Club is only 37 & 38's. I think you will find this much more interesting. Please don't stop your membership in the National Buick Club. Our Club is not in competition with the National BCA. My sole purpose is to give more help where it is needed.

Thank You,  
*Dave Lewis*  
Dave Lewis B.C.A. 10819

EIGHT-PASSENGER LIMOUSINE  
Model No. 90-L, Trunk back, Fender well only

# Requirements For Membership in 37-38 National Buick Club:

#1

- #1 You must be the Proud Owner of any Model 37 or 38 Buick.
- #2 You must understand the sole purpose of this Club is to further the Restorations of 37 & 38 Buicks. The Club will reject any member who tries to use this forum to make money or decieve anyone.
- #3 Your participation is expected in some form..... You will be expected to write in your comments as to Parts for Sale or Trade., Parts Wanted. Local Club activities Technical Tips to other members. Stories on your restoration or volunteer your help in any restoration projects the club may be involved with. In short you will be expected to participate.....
- #4 Your Dues must be paid currently to cover Publication Costs.
- #5 You must understand this publication is on a purely speculative venture to start. If membership is low you could possibly lose your first years membership.

P.S. I have invested over \$400.00 to start this and feel very strongly we will have a Monthly News letter

Advertising: All Members will have the right to Free Advertising. Please include your Phone numbers if possible. You should list every part you would like to sell with a good description so everyone will know the condition. Include prices if possible also. I will have Commercial Rates soon. For now I will print any Vendors Name & Address No Charge. Please... Only vendors fo 37 & 38 Parts. List what part or service they offer.

P.S. Some people have been sending in lists of parts For Sale for all years. Our only interest in this Club is 1937 & 1938 Buicks. Please use The Bugle for any other years.

*Technical Tips:*

37-38 Series 40 engines. You can convert your Babbitt Rods over to insert bearing by useing the following Rods. They can be found in Buick engines from 1949 to 1951. The Forging number is on the side of the Rod. It is #1336056. With these Rods you can use your standard Pistons. I purchased my Rod & Main Bearings from Terrill Machine to complete the restoration on the engine.

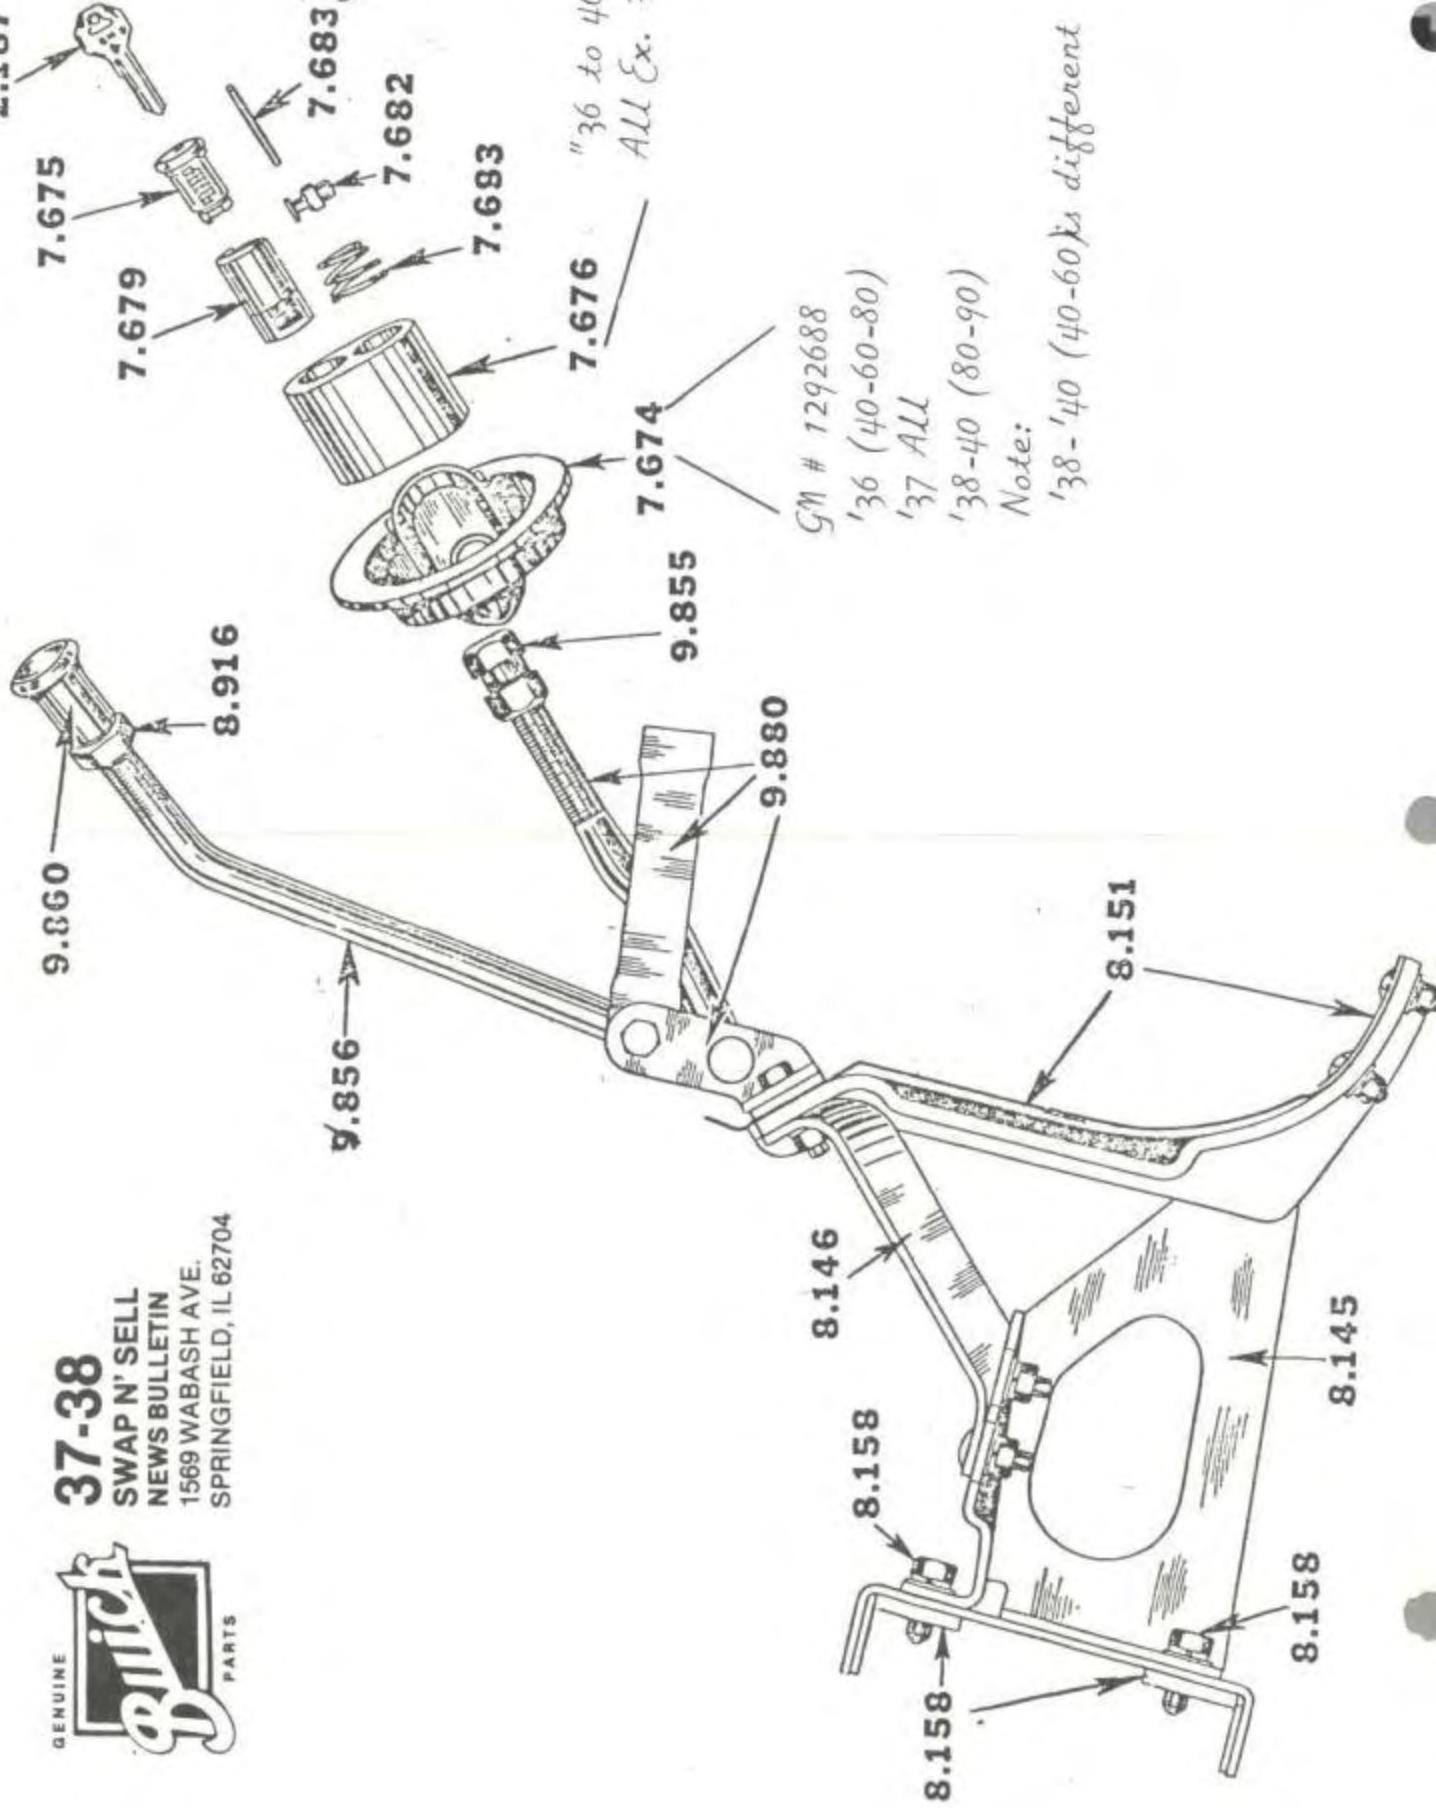

*Wheel Cylinders & Master Cylinders;* Don't throw away your old because they are pitted bad. Whitepost Restorations can re-sleeve your old with brass and you can then put a stock rebuild kit in.

*Running Boards:* If your Boards are just worn you can repair the worn spots or the broken corners by using Bondo. Reshape the ends and refill the low spots. Sand back to the proper sizes and paint with Black Rubber paint. This generally works out good. I have found that if you sand blast the board first the Bondo and paint hold extremely well.

Above are some simple Tips I have found to be helpful in my restoration. Please if you can improve on these or have tips of your own... Please write me for the next newsletter.

Editors Note: We need more Cars For Sale. Even if you don't have  
one for sale maybe you know a non member who will sell. We have  
a very bad shortage of Cars for Sale in the Midwest. A lot of  
people would like to buy an Old Parts Car. If you have seen any let  
me know. There are a lot of us looking.

(Cont.)

Dear Members.....

Please... Do what I have done. Go through your Parts and send me a list of all those parts you have been saving over the years. There are a lot of people that need them. They are doing no good hidden in your garage. A lot of us are keeping duplicate parts for our cars that we will never use. Lets help each other complete our cars. As an example I found a N.O.S. Left running board a guy had been saving for 20 years.

Thanks, Dave

*The Buick SERIES NINETY Limited*

SIX-PASSENGER FOUR-DOOR SEDAN  
*Model No. 81, Trunk back*

### Future Re-Production Plans:

I would like, with your help, to get into the reproduction of parts that are currently un available. To do this we need help in getting mint original parts for patterns and the company's capable of doing the job. If we can approach a company with a pattern and three to five hundred orders they will sit up and listen..... There are no company's in my area that do punch press work or casting so another member is going to have to volunteer some time to help us all.

The following are some of the parts I think we need in the future:

Trunk Mats for sedans & Coupes

Hood Ornaments

Running Board Mats To Fit like a Glove over Present Metal.

Center Grill Moldings

Defroster Ducts for 37, Above & Below Dash

Side Mount Emblems

Heater & Defroster Switches

We now have sources for three hard Items.

Front Floor Mats

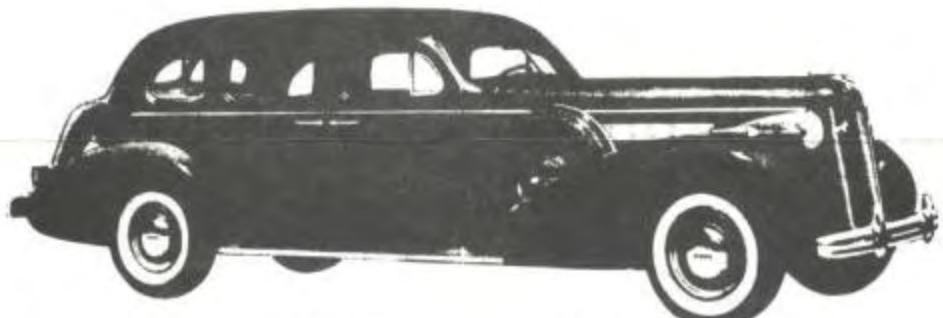

Sill Plates

Dash Knobs & Nap Lights (38)

Let's work on the other hard Items Together. We need paper pattern for trunk boards and Coupe rear seat Boards.

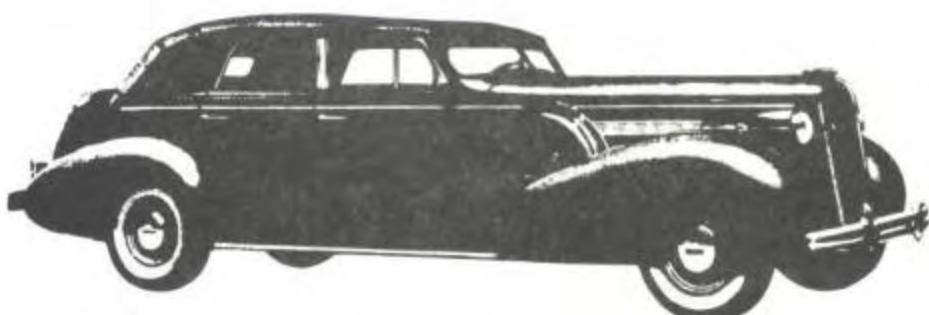

anyone out there want this project? If so anyone with a good board for a pattern could mail the paper copy to anyone who could get the pattern re-produced on a large paper for the other members to purchase. There are companies in Cal. that make large paper patterns for Van Interiors. Does anyone in Cal. Know who does it. They would be the perfect Co. to contact after we get all the original Patterns from the members.

*Members Note:* This list of Vendors has been made up of the People I have either personally dealt with or friends of mine have dealt with. They are all very reliable and give excellent service. You must remember..... Every person has had different experience with different companies. If you have had any trouble with any of these Companies let me know and maybe I can help. If you have any company to add to the list let me know also. This list is made up solely to help members find services. Not to stimulate any one company. I will publish only company that maintains a good reputation and serves the Hobby.

SIX-PASSENGER FOUR-DOOR FORMAL SEDAN  
*Model No. 81-F, Trunk back*

### *The Buick SERIES EIGHTY Roadmaster*

SIX-PASSENGER FOUR-DOOR PHAETON  
*Model No. 80-C, Trunk back. Fender well only*

• Coming Next Issue.....

Membership Rositer with evening phone numbers. Please only make your phone inquiries after the dinner hour. Check the time zones so as not to call someone at midnight. You will want to save this because in the future we will only be printing new members.

Question & Answer Forum. I will research thru my sources the answers to any of your questions and publish the results.

Disputes: If you have an un resolved problem with another member or a vendor I will contact both parties for a written explanation of their side of the story. The results will be published for other members to decide who is in the right.

New Vendors: I will publish any new vendors that is serving the Hobby.

Feature: In each issue I will publish a story on one of our members letter. Send me some interesting stories on your Car.....

Commercial Feature: Each issue I will give a complete story on one of the vendors that caters to our cars. Will include their history, their products and services.

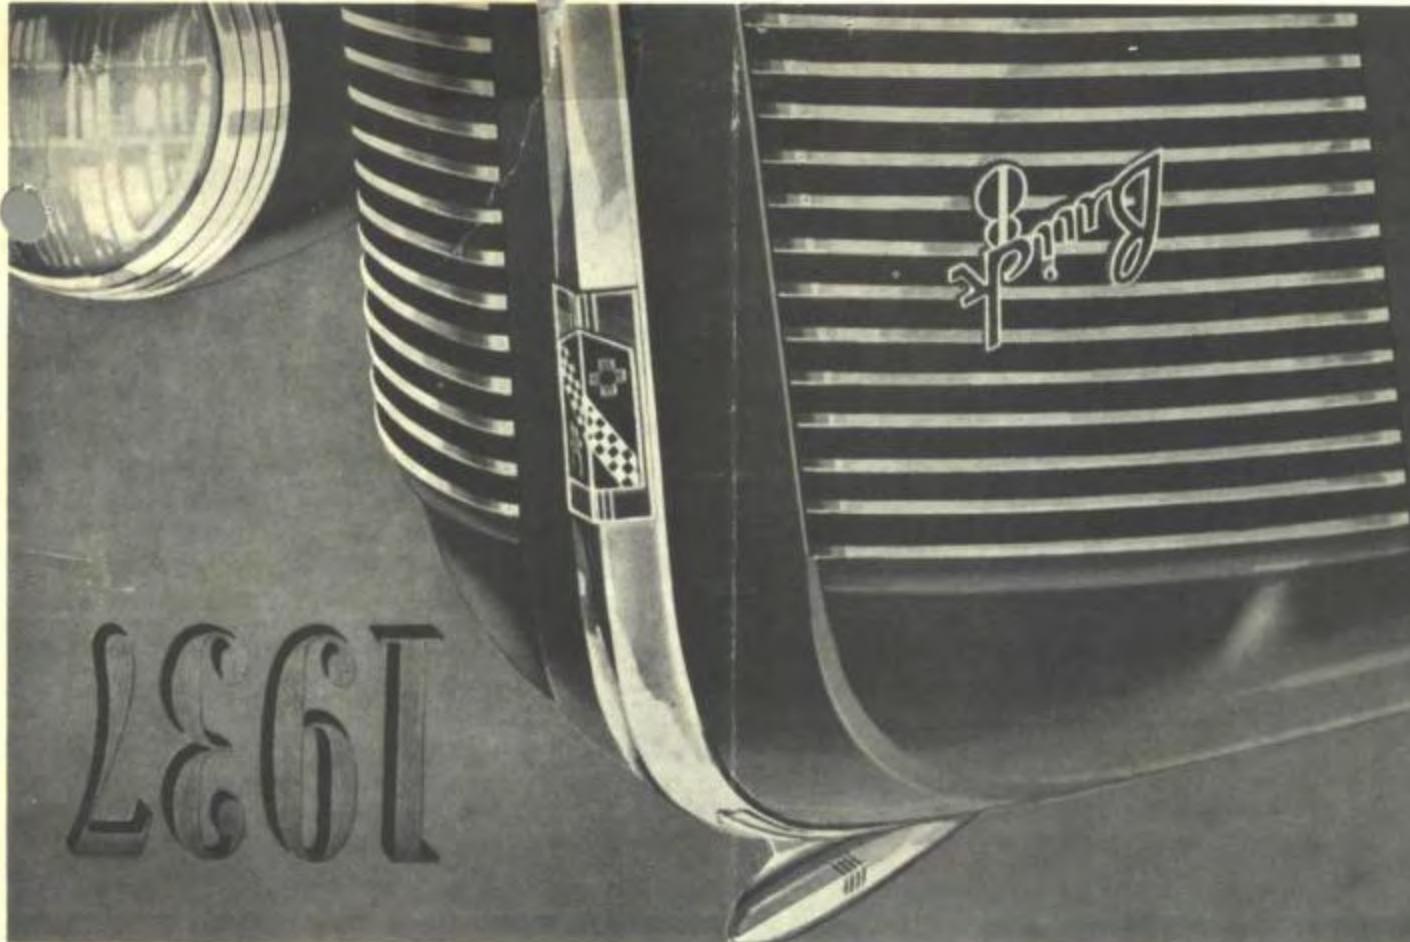

#### Closing Statement from the Editor:

Dear Buick Lovers, I hope you enjoyed our first Newsletter. I enjoyed making it very much and hope to continue with the publication. If you have any suggestion please write me. Hope to hear from you all soon
